CENTRALIA BEAUTY COLLEGE **HEERF Emergency Grant Funds Disbursement Policy**

Purpose of Policy

The purpose of this policy is to Distribute Emergency Financial Aid Grants to Students Under the Coronavirus Aid, Relief, and Economic Security (CARES) Act. And, to track administrative staff time involved in distributing the emergency funds and account for every dollar disbursed.

Application for Emergency Grant Funds

The U.S. Department of Education has made Emergency Financial Aid Grants to students of our institution who need financial support for their expenses related to the disruption of campus operations due to Coronavirus. Students will be provided an application for these funds. The application will be distributed to students either by email or via the U.S. Postal Service. The application permits students to apply for these need-based grants. Campus administration will use the information students provide to determine their eligibility for a grant and the amount for which they will be eligible. Each student will be eligible for only one grant, and only one application will be considered per student. Students are asked to fill out this information neatly and completely and provide it to the campus Financial Aid Officer or the school owner. Only enrolled students who are participating in courses actively at the time of the receipt of the application, and who are in Good Standing will be eligible to receive a grant. For the purposes of this policy, "Good Standing" means; A student that has remained in contact with the school during the closure. Students will have ten (10) days from the date of delivery, to return the application to the school. In order to disburse funds to students in a timely manner, any late applications will not be considered. See attachment "A" for the application.

Method to Determine Student Eligibility

Eligibility is limited to students that are using Federal Student Aid to attend, who are currently enrolled, and active and participating in a course at Centralia Beauty College and who are in Good Standing will be eligible to receive a grant. For the purposes of this policy, "Good Standing" means; A student that has remained in contact with the school during the closure. Students on an approved Leave of Absence due to the school closure, are considered eligible for this grant. Students on an approved Leave of Absence prior to the school closure are considered ineligible for this grant.

Method to Determine Award Amounts

To determine award amounts and which students need assistance, a spreadsheet with a student roster will be created from the returned and completed applications the school has received. The spread sheet will also include amounts for Room & Board and Personal Expenses for monthly Cost of Living Expenses to attend Centralia Beauty College, for a Full-Time student. This amount is \$1523.00 and is provided on page 57 of our school catalog. An additional expense allowance of \$100.00 for technology will also be included, as some students may not have resources available to participate in the temporary online training provided by Centralia Beauty College. The allowable uses for this portion of funding are for

technology used to access the internet or for costs of accessing the internet. Funding that students receive from this grant may only be used for these eligible expenses.

If a student selects all the categories of need on their application, the amount they would receive, as their Base Amount, is \$1623.00. If a student does not choose all categories, their Base Amount would be less, depending upon which categories of need were selected.

The Base Amount is the starting point for determining award amounts. After the Base Amounts have been established for each student, staff will determine the amount of the remaining grant funds. If the remaining amount is more than 50% of the beginning amount, all students will receive another full Base Amount of their selected items of need. This process will be repeated until there are no longer enough grant funds to be distributed in the full amount, for each category. At that point, the remaining amount will be divided into the separate categories by percentage, as noted in the table below. Those amounts will be divided by the number of students that requested that need and be included in each students' Award Amount. This procedure will ensure all eligible students receive the funding they requested and that all funding is disbursed and accounted for.

There is a dollar amount assigned to each category of need a student has selected on their application. The dollar amount shown is per month, as noted on page 57 of our school catalog.

Room & Board	Personal (Health care, Childcare, Etc.)	Technology	Total Base amount
\$921.00	\$602	\$100.00	\$1623.00
57%	37%	6%	100%

The total amount of funding available to be disbursed among eligible students from Centralia Beauty College is \$33,375.00.

Method to Inform Student of Eligibility, Award Amount and Allowable Purposes

After an eligible students' award amount has been determined, they will be sent a form which states the amount of the award and the purposes it can be used for. This will be delivered to the student either by email or via the U.S. Postal Service. They will be requested to sign and return the form before funds will be disbursed. Ineligible students will be notified by a letter, delivered either by email or via the U.S. Postal Service. See attachment "B" for the Award Letter.

Method to Distribute Funds to Individual Students

Once the signed award letter has been received by the school, it will be signed by the school owner. A check in the amount of the award will be issued to the student, and along with a signed copy of the award letter, it will be mailed to the student via trackable means.

Method of Tracking Staff Time and Tracking of Awards

All award amounts will be recorded in a ledger, to include the date of the award, the amount of the award, and the student the award was issued to. All time that staff spends on the above outlined processes, will be recorded in a spreadsheet that shows dates, times, and function a staff member was involved in.

Centralia Beauty College Students,

We hope you are all doing well. It has been seven weeks since Governor Inslee required all schools in Washington State to close their doors. It feels like seven months to us. Even though school is closed, we have been busy behind the scenes keeping things going. There has been quite a bit of work to do between us and all the various agency's the school interacts with. We are keeping up and are anxious to get going again, and we will be ready to go when that time comes!

We understand that you have been impacted by the school closure and probably by the closure of a workplace of you or your spouse. Also, some of you have children at home fulltime now that K-12 schools are closed until September. Knowing this, we realize that income levels for all of us have dropped considerably. So, when the Department of Education announced that there was a Grant that schools could apply for and distribute to their students to help fill in the need of some of that lost income, we acted immediately. We have applied for and received this grant! We have spent the past several days establishing a policy and a process to distribute the funds to our students, and we are now ready to start the process of disbursing the grant funds. There are several steps you must take to apply for this grant, as you will read below.

The U.S. Department of Education has made Emergency Financial Aid Grants to students of our institution who need financial support for their expenses related to the disruption of campus operations due to Coronavirus. Students will be provided an application for these funds. The application will be distributed to students either by email or via the U.S. Postal Service. The application permits students to apply for these need-based grants. Campus administration will use the information students provide to determine their eligibility for a grant and the amount for which they will be eligible. Each student will be eligible for only one grant, and only one application will be considered per student. Students are asked to fill out this information neatly and completely and provide it to the campus Financial Aid Officer or the school owner. Only enrolled students who are participating in courses actively at the time of the receipt of the application, and who are in good standing will be eligible to receive a grant. Students will have ten (10) days from the date of delivery, to return the application to the school. To disburse funds to students in a timely manner, any late applications will not be considered.

All applications must be signed and dated. If you have the ability to scan a document, you can do that after you sign it and email back to us at info@centraliabeautycollege.com . Otherwise please send it by mail to:
